BY THE

Pennsylvania State Agricultural Society,

At Easton, 1864; Williamsport, 1865; Easton, 1866.

The Pennsylvania State Agricultural Society was created "a body corporate" by the Legislature, on the 29th day of March, 1851. The act at large, can be found in the statutes for 1851, and in all the volumes of the Transactions of this Society. The society sprang from a meeting held at Harrisburg, on the 21st of January, 1851, in which all the counties of the State were represented. On the 22d, the meeting had taken the form of a society, electing its first president and officers. On the 20th of January, 1852, it held its first annual meeting at Harrisburg, where, in the previous September, its first exhibition had been held, with a good degree of encouragement. Exhibitions have since been held at Lancaster, Pittsburg, Philadelphia, Harrisburg, Wyoming, Norristown, Williamsport and Easton, with varying success, but always doing something toward developing the agricultural resources of the State.

The concerns of the society are entrusted to an Executive Committee, consisting of a president, twenty-four vice presidents, one from each of the Congressional districts into which the State is divided, five additional members, all the ex-presidents, a corresponding and a recording secretary, a treasurer, a chemist and geologist, and a librarian, in all, as at present constituted, a committee of forty.

The Constitution has been frequently, but not substantially, amended since its original adoption in 1852, and now stands as it is given herewith. A list of life members is embodied in this issue. It has been impossible to preserve a necrological register, and therefore lapses by death are not noted. The list comprises the names of all life members, previously to the 1st January, 1866; a total of 594 names, representing all parts of the State.

The main object of this publication is to place in authoritative shape, previous to the issue of other volumes of "Transactions," the awards of premiums for the years 1864, 1865 and 1866. Whatever is desirable to preserve of the proceedings of the society, will appear in a more permanent form in the forthcoming volumes.

CONSTITUTION OF THE PENNSYLVANIA STATE AGRICULTURAL SOCIETY.

The name of the society shall be the Pennsylvania State Agricultural Society. The objects of this society are to foster and improve agriculture, horticulture and the domestic and household arts.

WHO ARE MEMBERS.

SECTION 1. The society shall consist of all such persons as shall pay to the Treasurer not less than one dollar, and annually thereafter not less than one dollar, and also of honorary and corresponding members; the names of the members to be recorded by the Secretary.

The officers of county agricultural societies in this State, or delegations therefrom, shall be members *ex-officio* of this society.

The payment of ten dollars shall constitute life membership, and exempt the members so contributing from all annual payments.

OFFICERS.

SECTION 2. The officers of the society shall by a President, a Vice President from each Congressional district, three-fourths of whom shall be practical agriculturalists, or horticultralists, a Treasurer, a Corresponding Secretary, a Recording Secretary, a Librarian, an Agricultural Chemist and Geologist, and such assistants as the society may find essential to the transaction of its business; an Executive Committee, consisting of the above named officers, five additional members, with the Ex-presidents of the Society.

OF THE PRESIDENT.

SECTION 3. The President shall have a general superintendence of all the affairs of the society. In case of the death, illness or inability of the President to perform the duties of his office, the Executive Committee shall select a Vice President to act in his stead, who shall have the same power and perform the same duties as the President, until the next annual meeting.

OF THE VICE PRESIDENTS.

It shall be the duty of the Vice Presidents to take charge of the affairs of the association in their several districts; to advance all its objects; to call upon farmers to report as to the condition of agriculture in their neighborhood; to ask for information as to the modes of cultivation adopted by different farmers; and as far as in their power to make known the resources of their districts, the nature of its soil, its geological character, and all such matter as may interest farmers in every part of the State.

TREASURER.

The Treasurer shall keep an account of all moneys paid into his hands, and shall pay bills when audited and approved by the Executive Committee; each order for payment must be signed by the President or chairman of the Executive Committee.

CORRESPONDING SECRETARY.

The duty of this officer shall be to invite a correspondence with all persons interested in agriculture, whether in the State of Pennsylvania or elsewhere, but especially with our consuls in foreign countries, that new seeds, vegetables or live stock may be introduced, and their fitness for cultivation and propagation in our climate be tested. At each stated meeting of the society he shall read his correspondence, which shall, either the whole or such parts as may be selected by the society, form a portion of the Transactions. He shall also correspond with the president or other officers of each State society in the United States, at least twice in the year, for purposes of combined and mutual action, and to be informed of the result and pro-

gress of each other's efforts; also, to invite mechanics to forward models or implements for examination and trial.

RECORDING SECRETARY.

The Recording Secretary shall keep the minutes of the society and of the Executive Committee; at the close of each year he shall prepare for publication such parts of the minutes and transactions of the society as may be designated.

LIBRARIAN.

The Librarian shall take charge of all books, pamphlets, &c., belonging to the society, and shall act as curator to preserve seeds, implements, or whatever property the society may possess.

EXECUTIVE COMMITTEE AND QUORUM.

The Executive Committee shall transact the business of the society generally, and shall appoint, annually, at their first quarterly meeting, a Recording Secretary and Treasurer, fix their salaries, and require security from the Treasurer, if they deem it necessary; shall superintend and direct the publication of such of the reports and transactions as they may deem proper, and shall designate the time and places for annual exhibitions, regulate the expenditures, examine all accounts, and keep such general charge of the affairs of the society as may best promote its interests.

They shall select their own chairman, and meet quarterly, and at any other time when convened by the President; five members shall form a quorum.

They shall call special meetings of the society when necessary.

ANNUAL MEETING OF THE SOCIETY AND QUORUM.

SECTION 4. The society shall meet annually, on the third Wednesday of January, at Harrisburg, when all the officers of the society, not otherwise appointed, shall be elected by ballot for the ensuing year, and until another election. They shall also hold a general meeting at the time of the annual exhibition, and special meetings whenever convoked by the Executive Committee.

Fifteen members shall form a quorum for the transaction of business, but no member in arrears shall be entitled to the privileges of the society.

QUALIFICATIONS OF VOTERS.

SECTION 5. No annual member, hereafter, shall be entitled to vote for the election of officers of the Pennsylvania State Agricutural Society, unless he shall have been a member at the previous State fair, and in default of a State fair, then three months previous membership shall be necessary.

SECTION 6. No one shall be eligible to office hereafter, who has not obtained a right to vote under section five.

ALTERATION.

SECTION 7. This constitution may be altered or amended, at the annual meetings in January, by a vote of two-thirds of the members in attendance.

Under this organization an exhibition was held at Easton, Northampton county, in 1864. The weather was very unpropitious, thus seriously interfering with the proper arrangement of articles, the duties of the various committees, the comfort of visitors, and detracting greatly from the beauty of the articles on exhibition. The society, after all these drawbacks, was able to pay its liabilities of all kinds, but was unable to add anything to its very limited pecuniary means.

Col. DAVID SCHALL, of Montgomery county, acted as Chief Marshal, (who was subsequently called away by imperative business, and his duties were performed by Major LEACOCK, of Luzerne county.) Gen. E. C. WILLIAMS, of Dauphin county, was General Superintendent.

LIST OF PREMIUMS

Awarded by the examining committees of the Pennsylvania State Agricultural Society, at their annual exhibition, held at Easton, September 27, 28, 29 and 30, 1864.

No. 1.—FOREIGN IMPORTED CATTLE.

No entries were made in this class, as during the war no importations were made.

J. H. COWDEN,
HENRY YOUNG,
WM. MERRITT, *Committee.*

Nos 4, 5 and 6, Cattle—no entries.

No. 7.—NATIVE OR GRADE CATTLE.

We have examined the cattle in this class. We regret to find so few entries.

Mr. John J. Bauer, of Palmer township, Northampton county, had a fine grade two year old Durham bull, showing forcibly the importance of improving the common stock of our country with the Durhams. The committee have no power to award a premium, none such being allowed to bulls in this class.

We award the first premium to Peter Lawall, for a 4 year old cow,	$10 00
Jeremiah Roth, Allentown, heifer, 1 year, five months, first premium,	8 00
Jacob Woodring, Bethlehem tp., 1 year, 7 months, second premium,	4 00

HENRY DRINKER,
H. D. MAXWELL,
B. MORRIS ELLIS,
THOMAS JOHNSON, *Committee.*

No. 8.—IMPORTED AND THOROUGH BRED HORSES.

The committee on No. 8, beg leave to report, that after having carefully examined the stock coming under this class, we regret to be compelled to say that there were only a few horses exhibited in this class

which we deem worthy of a premium. Of the eleven horses, mares and colts entered, we award only three premiums.

Wm. Bird, Esq., of Uniontown, New Jersey, exhibited his horse, Duke of Normandy, imported over three years, for which reason we cannot allow him a premium, although we think him a good horse, and deserves commendation.

R. R. Depuy, of Stroudsburg, Pa, exhibited a good thorough bred sorrel horse, "Dr. Jackson," five years old, which we think is the best horse in this class. We award him..... $30 00

Charles Baeder, Esq., of Jenkintown, Montgomery county, exhibited his imported Arabian horse, "Yager," six years old, to which we award a premium of..... 30 00

The other stock, exhibited by him and others, we do not think worthy of premiums, except a colt three months old, sired by the Arabian horse Yager, to which is awarded a premium of..... 5 00

B. G. PETERS,
JOHN Y. WOODWARD,
PETER FISHER, *Committee.*

No. 9.—TROTTING HORSES AND MARES.

Division, No. 3, entries as follows:

John H. Imboden, mare "Fanny."
Joseph Collins, sorrel mare, "S. A. Douglas."
H. F. Townsend, mare "Julia."

These horses trotted mile heats to harness, best two in three—which were won by sorrel horse "Stephen A. Douglas"—time 3.01, 2.57. The premium of $100 is awarded to Joseph Collins.

Thursday, September 29, 1864. The entries in division, No. 2, were Walter H. Cooke's bay gelding, "Norristown," Robert Dempster's "Sorrel Ned" and William M'Roberts's "Little Mac." These horses trotted mile heats in harness, best three in five—which were won by Cooke's bay gelding "Norristown," time 2.53, 2.48 and 2.45. To Walter H. Cooke we award the premium of $200.

Friday, September 30, 1864. The entries in division, No. 1, were "Lady Mac," "Joe Hooker" and Hitner's mare. These horses trotted mile heats in harness, best three in five—which were won by the "Hitner mare," time 3.06, 3.05 and 2.48. We award to Henry S. Hitner the premium of $300.

H. A. SAGE, *Committee.*

No. 19.—PLOWS AND PLOWMEN.

The Committee on Plows and Plowmen report as follows: That they find but a limited number of plows and harrows on exhibition. After a careful examination we award the following premiums:

To J. Heckendorn, Pottstown, the patentee, the first premium, a Diploma (The diploma was afterwards commuted to a silver medal.)
S. Peters & Co., for a Heckendorn plow.....Diploma
F. W. Noble, Easton, for display of plows, to wit: the Single, Subsoil, Side Hill, Double Mould, Scotch Harrow, Coulter, Triangular—Ewing's patent, (there being no competition,) we award.... $10 00
To Geo. A. Walker, of Philadelphia, for improved plow point, which we think a valuable improvement, we award a.....Diploma

There was a three wheeled plow exhibited by S. Green, of Montrose, which was removed from the grounds before the committee could test its merits.

PLOWMEN.

The continued bad condition of the ground, in consequence of the unusual quantity of rain, afforded but little opportunity to do their work in as workman-like manner as was desired by the committee. We however award the premiums as follows:

To Jacob S. Aaron, Norristown, (using the Heckendorn plow,) the first premium..... $10 00
To Nathan Peter, of Washington Square..... 8 00
To Alfred Peter, best plowboy under 18 years, a premium of..... 5 00

A. H. STONE,
J M HULTHIZER,
GEO. W. M'CALLA, *Committee.*

No. 21.—WAGONS, CARTS, &c.

The committee on No. 21, wagons, carts, &c., most respectfully report, that the carriage and sleigh exhibited by F. Lerch, were very fine and worthy of notice, but as no premiums are offered for such articles, the committee award a diploma.

The committee also apply the same remarks to the articles on exhibition by E E. Hemmingway, and award to him a diploma.

The same remark is applicable to the sleigh and trotting buggy of Sensenbach & Whitesell. We award to them a diploma:

J. Albright & Son, Easton, have a very fine display of carriages, sleighs, &c. ; the committee would be pleased to award them some money premiums, but as none are offered, we award them a diploma.

The hearse of B. F. Reich, is a very fine carriage, and the committee have no doubt but that it performs its work to the satisfaction of those who have use for it, but as it does not belong to any particular branch of agriculture, the committee avoid it at present.

The skeleton wagon of H. S. Hitner, of Barren Hill, "in use for two years," is a neat affair, and adds to the attractions of the collection of carriages. The money premiums are as follows :

F. W. Noble, Easton, wheelbarrow	$1 00
Charles Barron, Easton, farm wagon	5 00
G. W. Crosland, Pottsville, lifting jack	2 00

M. C. TROUT,
JAMES KIDD, *Committee.*

No. 22.—REAPERS AND MOWERS.

The committee on class twenty-two, having carefully examined all the entries in this number, beg leave respectfully to report, that they found the display quite large, and the competition very spirited. A number of mowing machines and reapers were exhibited, that possessed valuable points, and had there been a trial, might have been successfully and satisfactorily tested.

The committee would mention as specially worthy of notice, the display made by R. H. Allen & Co., New York; F. Neshwitz, Long Island, N. York; R. Hoffius, Dover, York county, Pa.; Reese, Lake & Co., Phillipsburg, N. J.; Dodge, Stephenson & Co., Auburn, N. Y.; Emlen, Passmore & Co., Philadelphia; J. H. Boltz, and others. DANIEL H. SNYDER,
WM. H. KASE, *Committee.*

No. 28.—BUTTER, HONEY, &c.

Your committee regret to say, that they find no butter of first rate quality, which could bear the tests to which it was subjected; which tests are flavor, solidity, evenness and firmness of texture, uniform color, and when cutting, to leave the knife without sticking to it and looking as if it had been frosted.

Israel Lamborn exhibited a fine sample of sorghum molasses, but the quantity being insufficient, we can only make honorable mention of it.

J. S. Hawley, of Binghampton, for New York State society, exhibited three cheese, of one hundred pounds each, of splendid outside appearance, but as we were not permitted to cut them, we could not judge of their internal qualities.

Dennis S. Messler, New Germantown, N. J., exhibited two separate gallons of fine quality of sorghum molasses manufactured in 1863, one of them being half granulated sugar. We make the awards as follow:

Dennis Messler, N. J., molasses made in 1863, from Chinese sugar cane.....	$5 00
Miss Mary S. Jones, Easton, five pounds butter.....	3 00
Mrs. Joseph K. Reigel, Saucon, twelve pounds butter.....	3 00

Do.....do.....bushel clover seed	5 00
Do.....de.....bushel timothy seed	3 00
Samuel Fogle, Northampton county, bushel peach blow potatoes	2 00

We also find a bushel of Russian wheat, by Simon Frankenfield, Northampton county, Pa., which is a very fair article, but find that no premium for this kind is allotted in the schedule.

Also a bushel of King Philip corn, by Fred'k Seitz, of Easton, a very fair variety; also by Joseph K. Riegle, Lower Saucon, a very excellent variety of silver wheat, worthy of notice, but as there is no premium offered for these in the schedule, we can only make honorable mention of them.

We find a new variety of grain, Japan spring wheat, exhibited by Wm. F. Wise, Belvidere, N. J. The quantity is too small to comply with directions in the schedule, to award a premium, though justly entitled to special notice.

Do.....do....second best of any variety	2 00
E. H. Everman, Easton.....do	2 00

A branch of Dracut Amber, eight feet long, containing sixty bunches of grapes, was exhibited by C. M. Mixell, of Easton. Messrs. H. Henninger, Frederick Seitz, Henry L. Fulmer, Jefferson Robb, Jacob Hay, E. H Eyerman, Wm. H. Hutter and Wm. Johnston, all of Easton; Wm H. Beers and Lewis C. Reese, of Phillipsburg, New Jersey; S. S. Schneller, of Bethlehem; C. H Bute, of Nazareth; J. E Mitchell and T. B. Kerns, of Philadelphia; F. Merceron, of Catawissa, and J. Knox, of Pittsburg, contributed largely to the fine display of grapes.

The display of native grapes, by Rev. J. Knox, of Pittsburg, deserves particular mention.

The Creveling grapes, exhibited by F. Merceron, and the Adirondack, by J. W. Baily, of Plattsburg, New York, are entitled to special notice.

The Rebecca is regarded as the best hardy white grape exhibited. The Diana, in some localities, preserves its high reputation.

Jacob Hay exhibited a beautiful specimen of Golden Hamburg in a pot.

Rufus Grider, of Bethlehem, exhibited several boxes of Franklin and Taylor grapes. The Franklin is one of the best early varieties.

WINES

H. S. Carey, Easton, best home-made Isabella wine	$3 00
Miss Kate B. Rorer, Easton, best home-made Catawba wine	3 00
J. E. Mitchell, Philadelphia, best home-made Concord wine	3 00
W. H Hutter, Easton.....do.....currant wine	2 00

Miss Kate B. Rorer...do.....do.....cordial	2 00
Dr. H. Detweiler.....do..... best cider in bottles	3 00
Miss Mary Weiker....do.....best cider vinegar	3 00

The cider exhibited by Dr. H. Detweiler, in bottles, and awarded the premium as above, was manufactured in 1825. The following is the recipe:

"The apples, machinery, &c., were all made perfectly clean; the apples were selected from one variety in November, 1825—the cider was filtered through white flannel as it ran from the press into an open tub, where it remained until after fermentation, and then it was drawn off and filtered through flannel as at first, and filled into vessels in which sulphur had been burned. It stood in these vessels until congealed by cold—the cider was again drawn off and filled in barrels prepared with sulphur as before, where it remained until the following spring, when it was again drawn off and filled into other barrels, where it remained untouched for three years. It was then again drawn off and put into barrels again, where the samples, now exhibited in bottles, remained until this time."

The display of wines, cordials, &c., by Henry A. Sage and J. M. Hackett, of Easton, was exceedingly fine and deserving of commendation.

Do.....flat boquets	2 00

The collection of fruit and ornamental trees of E. J. Evans & Co., of York, Pa., is recommended to favorable notice.

To Mrs. Maria Goth, of Bethlehem, boquet of cut flowers from vegetables, we would recommend a diploma.

The dwarf peach tree of Enos D. Miller, Seltzer's store, deserves favorable notice.

Three extraordinary tobacco plants and one floral design—without card—your committee would recommend to favorable notice.

Sept. 29, 1864.—We find a basket of flowers, without number, exhibited by the Misses Day & Clarke, which we recommend to a discretionary premium.

We find many plants and flowers without labels, and some varieties not in sufficient numbers to be entitled to premiums. For want of proper care on the part of the exhibitors, the committee fear they may have done injustice in some instances, but we did the best we could under the circumstances.

Treasurer—John B. Rutherford, Harrisburg.
Chemist and Geologist—Samuel S. Haldeman, Lancaster.
Librarian—Henry Gilbert, Harrisburg.

Under this organization an exhibition was held at Williamsport, Lycoming county, in 1865. The weather was delightful, the visitors numerous, and the display fine, but not as complete as was anticipated, owing to limited railroad transportation, whereby many articles intended for exhibition did not reach that town until the close of the fair. The addresses of Mr. Cowan and Dr Allen have heretofore been published, and will appear permanently in a future volume of the Transactions of the Society. The Society was able to liquidate all its indebtedness, and add a handsome sum to the balance in its treasury.

Messrs Hamilton, Longaker, Rutherford, Kapp, Ziegler, Wright, Colder and Driesbach, composed the Committee of Arrangement. Gen. A. L Russell acted as Chief Marshal, and Gen. E C. Williams as General Superintendent

AWARD OF PREMIUMS

Of the Pennsylvania State Agricultural Society, at the thirteenth annual exhibition, held at Williamsport, September 26 to 29, inclusive, 1865.

No 1.—FOREIGN IMPORTED CATTLE.

The judges report that the entries made in this class are not foreign imported cattle, but properly belong to class No. 2, to which they were transferred for inspection.

A. O. HIESTER,
J. A. GAMBLE,
H. W. HOFFMAN, *Committee.*

No 2—DURHAM SHORT HORNS.

B Morris Ellis, Muncy, best two years old bull, "Major Anderson," $20 00
A. E. Kapp, Northumberland, best three years old cow, "Woodbine," 20 00
Do.....do .....second best cow, "Blossom"..... 10 00

B. Morris Ellis, Muncy, best heifer, two years old, "Beauty"..... $10 00

J. B. Hall, of Williamsport, also exhibited two very fine Durham cows, which did not come up to the classification as short horns, but are most excellent grade Durhams.

J. H COWDEN,
CHARLES LLOYD,
JAMES HALL, *Committee.*

No. 3.—DEVON CATTLE.

Amos E. Kapp, Northumberland, one heifer calf, "Red Rose"..... $10 00

GEO. H. BUCHER,
HUGH MONTGOMERY,
H. C. PARSONS,
D. B. MONTGOMERY,
JOHN SMITH, *Committee.*

No. 4.—ALDERNEY, JERSEY, HEREFORD, ARYSHIRE, HOLSTEIN—BULLS.

The committee report as follows: The Alderney stock exhibited by Mr. A. E. Kapp, of Northumberland, deserves high praise for the pure blood and fine quality, as well as for the number; and that he is entitled to the following premiums:

Best Ayrshire under ten months	$5 00
Best three year old Alderney bull	30 00
Do.....cow	20 00
Second best three year old cow	10 00
Best heifer between two and three years old	15 00
Do.....one and two years old	10 00
Do.....under ten months	5 00

WILLIAM COLDER,
J. F. WOLFINGER,
Maj HASTINGS,
JOS RENSHAW,
Dr. J. A. M'CREA, *Committee.*

The stock on exhibition by Mr. John H. Norris were fine specimens and deserve favorable mention.

WILLIAM COLDER, *Chairman.*

No. 5—BEST HERD OF CATTLE.

The committee, with an impartial and unbiased mind, award to Mr. A. E. Kapp, of Northumberland, Pa, the first premium of $50 00.

J. C. HORTON,
R. MONTGOMERY,
JOHN GIBSON,
H STEWART LYON,
W. P. WITHINGTON,
A. A. CHURCH, *Committee.*

No 6—WORKING OXEN AND FAT CATTLE.

There was but one entry in this class, and that does not agree with the schedule of premiums offered; but we are of the opinion that the "working bull," entered by Edward Lippencott, of Trout Run, Pennsylvania, is the finest exhibited, and is in all respects worthy of a premium of $3 00.

He is fifteen hands high, light red color, seven years old, weighs two thousand and thirty-three pounds, perfectly kind, and a natural trotter.

PETER WISE,
A. C. RUGGLES,
HENRY W. BANE,
D G. DRIESBACH,
JOHN L. HAMMER, *Committee.*

No. 7.—NATIVE OR GRADE COWS.

E. B. Case, grade Durham and Devon cow, first premium..... $15 00
J. B. Hall, grade Durham cow, four years old, second premium.... 10 00
Thomas Evenden, grade cows, four years old..... 10 00
B. Morris Ellis, grade heifer, twenty months old..... 8 00

Three very fine grade bulls were exhibited by E. B. Case, of Troy, Pennsylvania, but as no premiums are offered, except for foreign imported or thorough bred, your committee were not at liberty to award them a premium.

THOMAS P. KNOX,
DANIEL JONES,
CHAS. HESS, *Committee.*

No. 8.—IMPORTED AND THOROUGH BRED HORSES.

To John Minor Botts, Brandy Station, Virginia, for stallion "Engineer," exhibited by E. C. Jordan, of Middletown, Dauphin county, the first premium of..... $30 00
To Jacob Kramer, Uniontown, second best, for stallion, eight years old..... 15 00
Jos. W. Cake, Sunbury, stallion "Van Wick," seven years old, a special premium of..... 15 00

H. A. Slate, Williamsport, for mare between three and four years old, offered no pedigree, and therefore we can make no award.

Wm. P. Taylor, three years old stallion..... $25 00

John A. Norris, for mare and colt, had no pedigree, nor shipping papers. He claims that the mare is imported. If the proper papers are presented to the president or committee, the award can be made to him hereafter

[The proper award was paid Mr. Norris upon proof of the blood of his entry to the satisfaction of the Executive Committee]

A. M. ZIMMERMAN,
A. J. WEIDENSELLER,
J. A. WHITE,
ABNER RUTHERFORD,
M. ELDER, *Committee.*

No. 9.—TROTTING HORSES AND MARES.

In this class—in division No 1—only three entries were made for the $300 premium, to wit: J. Wagner, "Brown Mare;" George Seltzer, grey horse "George," and J. P. M'Cleary, "Brown Gelding."

After a fair trial of speed, we award to F. Wagner, for his brown mare, (she having made a mile in 2 m. 39 sec.,) the first premium of.... $300 00

In division No. 2, two entries were made, to wit: Davis and Frish, Harrisburg, bay mare "Lady Grant;" P. Herdic, Williamsport, "Green Mountain Morgan."

Green Mountain Morgan having made a mile in 2 m. 46½ sec., is awarded the premium of..... $200 00

[The Executive Committee reversed this decision at its meeting, and no award was made.]

Master James A Curtin, Milesburg, child's pony..... .... $5 00
Miss Edwards, Williamsport, best lady rider.....Silver Medal
R. D. Cummings, Bellefonte, best walking mare..... $10 00

For ladies' driving there was but one entry, and that was made by Miss Cassie M'Kean, a child eight years old, who drove remarkably well for one so young. We do not, however, deem her driving worthy of the silver medal. Such a prize should not be given to a child, who drives by mere mechanical movements, but should be only awarded to a young lady, who combines skill and judgment in controlling horses.

No. 13.—FLOCKS AND FLEECES.

The committee reports as follows: We find but few entries in this class. There were no fine sheep on the ground. Of Southdowns, Leicester and Cotswold, the display was very creditable; all, however, that were on exhibition were the property of B. Morris Ellis and Son, except one Southdown back. We make the following award:

For the flock of sheep, twenty-seven head, we award to B. Morris Ellis a premium of..... $50 00
Second premium, to same, of..... 25 00

There being a sweepstake premium offered for best fine wooled buck of any age or breed, and there being none such entered, we would recommend a discretionary premium of twenty-five dollars to Master J. Alder Ellis, for his Leicester ram, one year old, as being a very superior animal in his class. All of which is respectfully submitted.

JOSHUA WRIGHT,
JOHN B. BECK, *Committee.*

No. 14, Sheep—no entries.

No. 15.—FOREIGN IMPORTED SHEEP.

The committee find that of the varieties referred to in your premium list and submitted to us, but one specimen was offered, and that was a very superior long wool buck, two years old, for which we award a premium of $20 to B. Morris Ellis, of Muncy, Lycoming county, Pa.

But we found on the grounds remarkably fine specimens of other foreign varieties, not named in your list, which your committee think equally entitled to premiums, and recommend the following:

J. Alder Ellis, two years old Leicester ram..... $20 00
B. Morris Ellis, two years old, six Leicester ewes..... 20 00

B. MorriS Ellis, five yearling ewes..... $10 00
Do.....three ewe Leicester lambs..... 10 00

Do.....Shropshire Down ewe, five years old..... 10 00
Do .....do.....lamb ewe, from England..... 5 00

We also award to Jesse Edsall, of Wells, Bradford county, a premium of $20, for a remarkably fine Lincolnshire buck

Your committee cannot close this report without emphatically stating that a finer lot of imported sheep than those offered by Mr. Ellis is perhaps not to be found in the country. In addition to the small premium awarded to him for his fine stock, the public are greatly indebted to him for his energy and liberality in devoting so much time and money in procuring from abroad such splendid specimens as those offered for inspection.

No. 18—SWINE.

Your committee would respectfully present the following remarks: That they have carefully examined all the swine entered for exhibition, and are highly gratified with the number and quality. Yet we have to regret that a greater variety of breeds were not exhibited, so that the different breeds throughout the State might be brought together for immediate comparison. It would be most beneficial to have the most inferior brought in contrast

with the very best, for the purpose of enabling those who are indifferent in their selections, to see the serious loss annually sustained by a large number of farmers, by reason of their inattention to this indispensable branch of revenue to the husbandman. The varieties on exhibition consist of the Irish white hog, better known as the Chester County hog, the Suffolk, and a cross between the Suffolk and Berkshire. Great credit is due to Messrs. Francis and Marshal Strode, of West Chester, Chester county, for their fine display of pigs..

Mr. John B. Hall, of Williamsport, exhibited one Chester County barrow, apparently full breed and very fine. M. B. M'Dowell exhibited a sow with pigs three weeks old, evidently a cross between the Suffolk and an inferior breed.

B. Morris Ellis had on exhibition ten hogs, of various ages, purporting to be the Chester County breed, but which seem to have found relations not known to the Chester County full breed.

C. Drum showed a sow, a cross between the Berkshire and Suffolk, ten months old, a very fine specimen.

E D. Trump exhibited a breeding sow and six shoats, of the Chester County breed. The sow seemed to be of better quality than her pigs, yet the pigs are superior to most of the breeds found in this county

Edward B. Ashbridge, of West Chester, Pa., exhibited ten head of various ages.

John Northrop, Ithaca, New York, spiral spring mattrass, recommended as a good article.

Messrs. Ayres & Perkins called the attention of the committee to an improved gutta percha spring. Being new to the committee, we are unable to say more than from a short ride we have taken, we find in passing over rough ground less jolting than pertains to the eliptic springs we have been accustomed to. We therefore recommend it to the favorable consideration of the public.

Messrs. Ayres & Perkins exhibited various carriages, all of which had these gum or gutta percha springs. They appear to be well gotten up, and to which we award the first premium, or instead of the cash premium offered, a bronze medal and diploma.

Samuel B. Beck and John E. Jones exhibited very neat carriages for children, but as they are not the manufacturers—in compliance with the rules of the society—we are unable to award a premium.

We recommend Charles A. Slack's self acting wagon brake as an article of merit, and deserving consideration.

No. 23—REAPING, MOWING MACHINES, &c.

After a careful examination of the many reaping and mowing machines on the ground, we found one of the best displays ever made at any previous fair, and have awarded:

To Reese, Lake, Mellick & Co., of Phillipsburg, New Jersey, for the best reaping and mowing machine, with self-raking (Ball's patent) attachment, combined, a diploma or..... $15 00

To E. F. Harrington, Valley Falls, for the best mowing machine, a diploma or..... 15 00

To A. B. Sprout, Hughesville, Pennsylvania, for the best horse rake, a bronze medal or..... 7 00

We further make special mention of Sprout's improved horse rake teeth.

To Slifer, Walls, Shriner & Co., for best reaper guard..... 2 00

S. M. Beck, best six hand hay rakes..... 2 00

Do.....do.....forks..... 2 00

In regard to horse forks, for unloading hay, we find three entries, and award to Wise, Horton & Co., Stockbridge, New York, the first premium of..... 5 00

E. L. Walker, of Benford's Store, Somerset county, Pennsylvania, had on exhibition a hay hook or fork, which on trial we find the best implement for unloading hay; for its simplicity of construction, its lightness and easy management, we recommend a special diploma or..... 5 00

In making the awards for mowing and reaping machines, we do not feel that we would be doing justice, did we not make mention of the many other excellent machines on exhibition. Among them the "Excelsior" mower and reaper, manufactured by Brunner, Whitsell & Co., Nazareth, Pennsylvania; the "Union," manufactured by Kniffin & Harrington; the "American" mower, made by Halliday; the Hubbard mower and reaper; Seberling's "Excelsior" self-raking or dropping reaper or mower, and the Kirby mower and reaper; all of which, in the estimation of the committee, deserve to be ranked as standard or first-class machines.

We desire to make special mention of the horse rake, exhibited by John Hall & Co., as an excellent one, and well adapted for the purpose.

In conclusion, we recommend that the Executive Committee of the State society, in making out their list of premiums, shall give separate premiums for self-rakers and droppers or self-deliverers, believing that a dropper is not a self-raker, but that they are two distinct machines. In coming to

this conclusion, we have the opinions of several of the exhibitors of agricultural implements on the grounds, as also the opinions of those who have the machine in use. We are satisfied that this arrangement will meet with the hearty approval of all manufacturers of agricultural implements, and save much trouble to future committees, and give much more satisfaction to the exhibitors.

Cut June 30, 1865—planted September 28, 1864, broadcast, after potatoes; land yellow slate over limestone. Long straw; long beard, and sharp. Weight of crop 727 pounds.]

A. B Hamilton exhibited a beautiful specimen of rusticoat potatoes, and in the opinion of the majority of the committee, was entitled to the premium, which however he declined, desiring the award to be made to Elias Fulmer, as above.

John S Furst exhibited an exceedingly tall and beautiful specimen of oats in the straw, produced on his farm near Cedar Springs, Clinton county, Pa.

H. N. M'Allister exhibited four specimens of timothy hay, taken from the outer edge, and from the centres, of two well filled mows, respectively; the one 45 feet long, 25 feet wide and 30 feet deep, from the square. The other 45 feet long, 17 feet wide and 20 feet deep, from the square, showing the marked difference in color, arising from the high degree of heat to which that taken from the centre had been subjected in the process of curing; which had changed it from a green to a red color, without in the least impairing the quality of the hay.

J. M. M'Minn, Williamsport, exhibited fifty varieties of corn, produced by him in years that are passed, and carefully preserved in the cob. Also eight varieties of wheat, produced by him from seed obtained through the Patent office, and carefully preserved in glass bottles.

Seth Winners exhibited a perfect specimen of the old eight rowed corn.

Mrs. Mary Ann Wheeland exhibited a lot of hops in the vine.

John Clark exhibited two jars of large chestnuts, all of which added to the interest of the exhibition, and although no premiums can be awarded, because none have been offered, the committee think this honorable mention but an act of justice to the exhibitors.

The committee would further state that Mr. H. N. M'Allister, of Bellefonte, after he became a member of the committee, withdrew, absolutely, all his articles on exhibition, in this class, so far as they came in competition for premiums with the articles of other exhibitors.

The premium of the barley was awarded to him because there was no competition, and because it was deserving of the premium, and they deem it but justice further to state, that among the articles thus withdrawn were a bushel of superior Prince Albert potatoes and two bushels of white wheat. The one very good white, blue stem, the other superior tappahannock. Also, an exceedingly fine bushel of ears of corn, which, had they been allowed to come in competition, would, as to one of the articles at least, in the opinion of other members of the committee, have changed the award made.

The committee desire specially to notice and commend a case of very fine and exquisitely ornamental pastry and cake, exhibited by Thomas L. Harrington, of Williamsport, inasmuch as the premiums awarded are an inadequate reward for his liberal and enterprising display. They also deem it proper to mention the best loaf of bread was exhibited by Mrs. H. N. M'Allister, of Bellefonte, but it requires two loaves to compete, therefore no premium was awarded.

Thomas Evenden, Williamsport, had the best and largest display of growing and cut flowers. William Wood, Williamsport, also had a fair display. James Vick, of Rochester, New York, had a very fine display of cut flowers

Among the ladies, Mrs. Anderson Harvey did nobly.

Mr. M'Minn, Williamsport, displayed some very interesting specimens of a camphor tree, New Jersey tea plant, China tea plant, &c.

Mrs. G. W. Beard, Williamsport, exhibited a great natural curiosity in the shape of a sensitive plant.

Mr. Evenden and Mr. Wood made a good display of fig trees.

The committee recommend Mr. M'Minn be awarded a special pemium for a lemon tree.

William Wood, Thomas Evenden and Mrs. Anderson Harvey, had fine oleanders; the latter person had one in blow.

William Wood had the only vases with suitable growing plants.

J. B. Hall, of West Branch iron works, exhibited some fine designs for vases.

No. 41.—FINE ARTS, PAINTING AND PENMANSHIP.

The undersigned, in submitting the result of their deliberations, do so with the diffidence entailed by the hurried character of their labors, the defective light in which the articles were placed, the want of system in their arrangement and display, and the crowded state of the rooms. Errors must have been made in the conclusions reached under such adverse circumstances, which, without further preface are submitted, as follows:

E. Stuart, Williamsport, best display of photographs, &c..... $10 00
E. Guy, Youngstown, Pa , second best display..... 5 00
T. J. Trapp, Williamsport, best ambrotypes..... 3 00

Miss Mary Strayer, Williamsport, best landscape in oil..... 3 00
S. Rosen..... ..... do..... .....fruit piece in oil..... 3 00
Miss Sade Gould.....do.....animal painting in oil..... 5 00

It was not precisely what she competed for, but her picture enabled the committee to pay her work a justly deserved tribute.

The paintings in water colors were so nearly alike in merit, that it was with difficulty a preference was given.

J. Damant, Williamsport, best display of water color paintings.... $5 00
Miss Emma Watson, Williamsport, second best display of water color paintings 3 00

Mr. P. Miller, Miss Ella Woodward, Miss Jennie Woodward, Mrs. A. E. Snyder, Miss Eliza Nichols, Miss Mary L White, had, all of them, very beautiful and creditable specimens on exhibition.

Mrs. A. E. Snyder, Williamsport, best flowers in water colors..... $2 00

No. 43.—SILVER-WARE, PIANOS, SEWING MACHINES AND UNENUMERATED ARTICLES.

The collection of silver and plated ware was not sufficiently large for the amount of premiums offered, and there were none with agricultural designs. The handsome case of Samuel Garman, of Williamsport, is awarded a premium of $5 00.

The musical instruments were not put in competition, but the pianos of several exhibitors were of first quality. The exhibitors were J. E. Gould, D. S. Andrus and William Lighton.

The best collection of musical instruments was that of D. S. Andrus, of Williamsport, Diploma.

J. E. Gould exhibited an excellent Steinway piano and a cabinet organ. A piano, exhibited by Mr. Andrus, is claimed as superior, on having the frame constructed with improved bracing, and with other improvements, to insure a superior quality of tone. The instrument is a superior one.

William Lighton exhibited an Elmira piano with peculiar bracing, and an important improvement in the soft pedal, and several useful improvements in the action

The sewing machines exhibited the peculiarities and excellencies of the various kinds, which were well represented, but were not put in competition.

The above are all the articles of this class enumerated in the printed schedule. The following were referred to the same committee, and the premiums were discretionary, and subject to the revision of the Executive Committee:

Wyckoff, Farrington & Co., wooden pipe for water and gas, made on the original plan, with spiral iron bands, and made durable by a preparation. One of these pipes was tested in the presence of the committee, and resisted a pressure of five hundred pounds to the inch, by a gauge of the American Steam Gauge Company, (Ashcroft's patent).....Diploma
Miss Agnes Levan, Williamsport, of a Gothic cottage..... $3 00
Elas Wyckoff, Elmira, New York, portable soda fountain..... 3 00
Ensworth & Pest, Williamsport, best two bunches of shingles..... 3 00
John DuBois, Williamsport, second best.....do..... 3 00

John DuBois, Williamsport, model of a gate for splash dam, and model of a bridge pier for deep water.....Diploma
C. M. King, knitting machine..... $2 00

H. L. Holden, Williamsport, lubricating oil, benzine and carbon oil, 5 00
W. W. Beard, Williamsport, six gear halters..... 3 00
S. V. Polk, Williamsport, three gear patterns..... 2 00
A. Newman, Williamsport, best collection of hoop skirts..... 3 00

Frederick W. Burrows, an ingenious machine for making segars by the smoker himself.

There was a fine display of dental specimens. Dr. Eveland exhibited a splendid case. One French preparation of upper and lower jaw, exposing teeth, nerves, veins, arteries, &c., was not only beautifully done, but very valuable. He also had fine specimens of filling and artificial work.

Dr. M. D. I. Dodson's case exhibited a fine lot of artificial work, and some particularly fine filling. His "amber base" artificial work was also very fine.

Dr. Rhoads had a small case, but enough to show that he could do all that the best operators claim.

Dr. L. D. Rank also exhibited a very fine case of artificial work and filling.

Dr. L. D. Eveland, best display of artificial teeth.....Diploma
Dr. Samuel Pollock exhibited a case of surgical instruments, several of them his own invention, showing skill in his profession as well as mechanical genius.....Diploma

C. B. Becker, chopping machine, a good improvement on the old machine.

E. M. Bruce, Philadelphia, two Estay cottage organs, with harmonic attachment—not in competition

Hugh Hawkins, Lock Haven, water elevators, an improvement on the chain pump..... $2 00

M. H. Harford, Benton, New York, Tuttle's patent cross-cut saw. The improvements consist in alternate teeth of peculiar shape, which removes the saw dust as it is produced.

H. K. Foskett, Prattsburg, New York, flower trellis, the upright of which has a hinge near the ground to admit of laying the trellis down, to protect the plant in winter.

Miss J. A. Covert, Williamsport, night wrapper and infant's dress, $3 00

ADDITIONAL MEMBERS OF THE EXECUTIVE COMMITTEE:

William Colder, Harrisburg.
Jacob R. Eby, Harrisburg.
B. G. Peters, Harrisburg.
John H. Ziegler, Harrisburg.
Peter Herdic, Williamsport.
Frederick Watts, ex-President, Carlisle.
James Gowen, ex-President, Mount Airy.
D. Taggart, ex-President, Northumberland.
Jacob S. Haldeman, ex-President, Harrisb'g.
Thos. P. Knox, ex-President, Norristown.

Corresponding Secretary—James Young, Middletown, Dauphin county.
Recording Secretary—A. Brower Longaker, Norristown, Montgomery county.
Treasurer—John B. Rutherford, Harrisburg, Dauphin county.
Chemist and Geologist—Samuel S. Haldeman, Columbia, Lancaster county.
Librarian—Henry Gilbert, Harrisburg, Dauphin county.

Under the foregoing organization an exhibition was held at Easton, Northampton county, in 1866. The general display was at least equal to, and perhaps superior to any heretofore made at the exhibitions of this Society. The interest on the part of the members of the Society was never so lively, nor the preparations of the Executive Committee more elaborate—all of which were seriously interfered with by one of the heaviest and most general storms of rain known in Pennsylvania for many years, followed by a couple of days of pleasant but uncertain weather. In reality, but two days were left for examinations and display. The receipts did not liquidate the engagements of the Society, and it was compelled to draw upon its balance to do so.

Alexander K. M'Clure, Esq., of Franklin county, delivered the annual address, but up to this time he has not furnished a copy for publication. It was brief, practical and directly upon the subject of agriculture. It will appear in a permanent form in a future volume of the Transactions of this Society.

The Committee of Arrangement was Messrs. Hamilton, Bissell, Longaker, Rutherford, Kapp, Ziegler and Driesbach. Gen. A. L. Russell acted as Chief Marshal, and W. V. Higgins, Esq., of Lycoming county, as General Superintendent.

Christian Reist, Palmyra, Lebanon county, Pa., exhibited two very strong plows, which for certain lands may be desirable, though the committee cannot do more than give them a favorable notice. John Kelvy, of Yardleyville, Bucks county, exhibited a very fine double harrow, known as the Kelvy harrow, to which we award the first pemium of five dollars.

All of which is respectfully submitted.

GEO. H. BUCHER, *Chairman.*

P. S.—John Kelvy's combined harrow being a new implement, by use may prove acceptable to the farming community.

GEO. H. BUCHER, *Chairman.*

No. 16.—REAPING AND MOWING MACHINES, SCYTHES, GRAIN CRADLES, RAKES AND FORKS.

The committee report that they find the display of mowers and reapers exceedingly large, being the best ever made at the Society's exhibition; above thirty entries being made, among which will be found the greater part of reaping machines now in use in the United States, and the most of the different varieties that had the honor of being awarded the first pre-

mium at the trial of mowers and reapers at Auburn, in July last. As the working qualities of the greater number of the machines on exhibition have been brought so near perfection that the committee feel it would take at least two weeks actual trial in the field with the assistance of the Dynomometer test, as well as the test of the side draught, to do full justice to the exhibitors.

Taking these things all in consideration, your committee had hoped to be able to make such arrangements with the exhibitors as to dispense with the awarding of premiums on the present occasion, because the machines contain so many valuable qualities, and are so nearly of the same merits, that it is very difficult to arrive at a correct judgment without a practical test in the field; but the Executive Committee overruled the decision of your committee, and required your committee to make the examination and awards to the best of their knowledge of the machines on the grounds, without the so much desired practical test in the field.

Your committee find the following machines exhibited by Reese, Mellick & Co., Phillipsburg, New Jersey: 1 Jersey Blue reaper and self-raker, 1 Ball's reaper, pigeon wing self-raker, 1 Keystone mower reaper, combined with self-raker, 1 Ball's mower, 1 Ball's mower and reaper, with excelsior dropper, and one Keystone mower.

Peter Staats & Co., Raritan, N. J.: Raritan mower and Raritan combined machine with dropper.

Reese, Mellick & Co.: 1 Billard's patent hay spreader.

D M. Osborne & Co., Philadelphia: 1 reaper and mower, and mower combined.

F. Nishnitz, Williamsburg, L. I.; 1 Monitor mower, 1 Monitor mower and reaper combined.

Slifer, Walls, Shriner & Co., Lewisburg, Pa.: 1 Buckeye reaper and mower, with dropper attached, 1 Buckeye reaper and mower combined, and 1 Buckeye reaper and mower.

E. F. Harrington, Valley Falls, N. Y.: 1 Eagle mower.

S. Morgan, Rockport, N. Y.: 1 self-raking reaper and mower combined.

Walter Wood & Co., Hosick Falls: 1 Wood prize mower.

Wm. Morrison, Carlisle: Reaper guard.

Messenger & Seiberling, Nazareth: 1 reaping machine, with dropper attached, 1 mowing machine, and 1 reaper and mower combined.

Hulsinger & Martin, Doylestown, Pa.: 1 Hubbard's combined mower and reaper with self-rake.

James March, Lewisburg, Pennsylvania, Valley Chief reaper and mower, self-rake.

National Manufacturing Company, York, Pa.: No. 1 Hofflin's combined reaper and mower, self-rake. No. 2, Hofflin's combined reaper and mower, self-rake.

S. H. Sayre, Montrose, Pa.: Hubbard's patent mowing machine.

After a careful examination of all the machines on the ground, we make the following awards:

Reese, Mellick & Co., best reaper with self-rake attached, first premium	$20 00
Brunner, Messinger & Co., Nazareth, best reaper with dropper attached, first premium	20 00
E. F. Herrington, Valley Falls, best mower, "Eagle," first premium	20 00
Slifer, Walls, Shriner & Co, Lewisburg, best reaper and mower and reaper combined, first premium	20 00
Reese, Mellick & Co., best hay spreader, premium	Bronze Medal

Your committee feel that they would be pleased to have the privilege of awarding a much greater number of premiums, as many of those that cannot be awarded a premium, according to the present schedule, are machines well worthy of premiums. All of which is respectfully submitted.

No. 28.—BEET SUGAR, SUGAR MACHINERY, SORGHUM MOLASSES, SUGAR CROPS.

Northrop & Messler, Philadelphia, evaporator for sorghum, first premium	$10 00
M. Q. Crane, Jersey Shore, for sorghum sugar evaporator, first premium	10 00
M. Q. Crane, one horse power cane crusher, first premium	10 00
Hartford Sorghum manufacturing company, for best three samples of sugar, first premium	10 00
James Cloud, Cochranville, Pa., for samples of sugar, second premium	2 00

Your committee farther report, that the chairman of said committee was on the ground on Tuesday at two o'clock P. M., September 25, and found M Q. Crane ready for operation; but unfortunately no sorghum came on the ground, and consequently the machine could not be tried.

Cory's sugar evaporator was also there, but there was no crushing mill attached.

The evaporator with rocker, of Northrop & Messler, was likewise here.

On Wednesday at ten A. M, your chairman of said committee was again on the ground, and found, on account of the inclemency of the weather, the rest of the committee were absent; on this account he substituted others.

The rain prevented any of the machines from being operated. As no sorghum came to hand, your committee concluded to report on machinery only; but as some small samples afterwards arrived, they would make mention of the best without awarding any premiums, and their report is:

1st. That the first premium of $10, for the sorghum evaporator, and the first premium of $10, for one horse power cane crusher, be awarded to M. Q Crane, of Jersey Shore

2d. That the first premium of $10, for evaporator with rocker, be awarded to Northrop & Messler, of Philadelphia.

3d That W. I. Rice, of Hartford, Conn., should receive favorable mention for best samples of sorghum sugar.

Your committee is impressed with the idea that although sorghum and sugar production is yet in its infancy, it is destined to become the staple production of the Middle and Western States, if properly encouraged. It is to be regretted that so very little attention is paid to the culture of the beet in this country, whilst in European governments it has become an object of great importance. If it were not for fear of making the report too long, statistics would be given demonstrating this fact.

Your chairman, in his last visit to Europe, had a very satisfactory interview with Baron von Stahlberg, the Austrian minister, who devotes a great deal of his time to agriculture, and was informed by him, that the exportation of beet sugar from the empire, amounted to 25,000 tons in the year 1865. Which is all respectfully submitted.

No. 38.—BREAD, CAKES, PASTIES AND MEATS.

The committee on this branch of the fair having carefully examined, tested and compared the various articles submitted to their judgment, report as follow:

Mrs. Christian Yeager, Palmer township, for best home-made wheat bread..... $2 00
Mrs. Samuel Pipher, Easton, for second best home-made wheat bread..... 1 00
Mrs. Samuel Pipher, Easton, for second best doughnuts..... 1 00
Miss Emma Greenawalt, Easton, for best rusks or light rolls 1 00

Your committee were of opinion that this was a superior cake; one of great excellence.

Mrs. Joseph Reigel, Easton, best sponge cake..... $1 00

The above were the only specimens of the articles invited to compete for offered premiums. We think the home department is a very important one, and that our fair country-women ought to give us a more copious display of their handiwork, in this line, hereafter.

Your committee would say, in conclusion, that all of the articles in this department were nice specimens, with but one or two exceptions; but having no discretionary power to award special premiums, we have declined to do so. If, however, any article of extraordinary merit and beauty, not in our premium list, had been exhibited, we would, in that case, have felt ourselves justified in exercising such a power.

No. 41.—DISPLAYS OF USEFUL ARTICLES.

The undersigned, committee, appointed to examine the useful articles displayed in Class, No. 41, are pleased to say that the display in that department was very full and creditable. After a careful examination of all the entries, report the following awards:

J. I. Brodie, Easton, for display aquarias, rustic stands, hanging baskets, terre cotta, &c., first premium..... $5 00
H. A. Sage, Easton, display of liquors, first premium 5 00
Dr. C. A. Voorheis & Co., for display of perfumery and flavoring extracts, first premium..... 2 00
F. W. Noble, display of American and foreign arms, first premium, 5 00
Mack & Meeker, Easton, best display of tin-ware, first premium.... 5 00
Jas. Hess, Easton, for best display of hats, caps and furs, 1st pre'm, 5 00
Martin J. Riegel, Easton, best display of books and stationery, first premium..... 5 00
R. C. Pyle, Easton, best display of boys' clothing, first premium.... 5 00
Metzgar & Shimer, Easton, best display of men's clothing and furnishing goods, first premium..... 5 00
Wm. Kunsman, Easton, best display of dry goods and trimmings, first premium..... 5 00
Wm. B. Lane, Easton, best display of ladies' and gents' fancy goods, first premium..... 5 00

Mrs. W. B. Lane, Easton, best display of millinery goods, first premium..... $5 00
Miss J. Dawes, Easton, display of wall paper, premium..... 2 00
Benson & Thompson, for best display of boots and shoes, first premium 5 00
Hiram Henninger, second best display of hats and caps, second premium..... 3 00
Mrs. Maria Serfoss, Easton, second best display of millinery goods, second premium..... 3 00
H. Beahm, Bethlehem, second best display of boots and shoes, second premium..... 3 00
H. R. Chidsey, second best display of tin ware, second premium.... 3 00
Wm. Tiller, Philadelphia, display of fancy toys, &c.
H. Fricke, Philadelphia, display of perfumery and fancy soaps.

The displays of William Tiller and H. Fricke were very large and most elegant of their kind, and added greatly to the beauty of the home department. But as the articles exhibited are not embraced in the schedule of premiums, as offered, your committee do not feel warranted in awarding them a premium.

The Executive Committee, upon a revision of the premiums, made awards as follow:

To Willliam Tiller, of Philadelphia, for his large and elegant display of toys, &c.....Silver Medal
To H. Fricke, Philadelphia, for his large and elegant display of perfumery, fancy soaps, &c., of his own manufacture.....Silver Medal

W. F. Murphy & Son, of Philadelphia, had on exhibition a lot of very elegant and superior bound books, several of which were manufactured for competition at the great Paris exhibition, to be held next summer; but as they had not complied with the regulations which governed the committee in this class, no premium could be awarded them. This your committee regret, as their work was of a very superior character. We however recommend a special premium of a Bronze Medal.

Mr. E. M. Alcott, of Easton, made a very extensive and handsome display of confectionery, but by some oversight he had not been entered upon the committee's book, and therefore they are not permitted to award him a premium, which they very much regret, as his display was certainly a splendid one. This special notice we consider due to Mr. Alcott.

Dr. Edward Swift, of Easton, Pennsylvania, exhibited a portion of his large and valuable collection of minerals and geological specimens, a subject to which he has devoted much time and efficient study. Particular attention is also called to his display of American antiquities, including about three thousand stone arrow-heads, besides a large collection of stone axes, and implements in every state of finish. The whole is arranged in admirable order, and formed one of the most interesting departments to our exhibitions, since the origin of the Society. As the subject is much studied

in connection with the history of mankind, it is proposed to honor the learned doctor with the Society's Silver Medal. He has kindly furnished the Society with the following history of it:

"EASTON, PA., *November* 27, 1866.

"I began to collect specimens as far back as 1825. The collection of minerals has been obtained almost entirely through exchanges, donations and personal collections. Probably not more than ten or fifteen dollars have been expended in the purchase of specimens. The Indian collection has been got together in the same manner, and several of my correspondents have contributed very liberally to it. Quite a large number of the specimens have been obtained from the shores of the Delaware river, between Belvidere, New Jersey, and Reiglesville, Pennsylvania, twelve miles below Easton, and some from the Lehigh valley. In addition to the collection which was exhibited, I have sent quite a large number of these things to Europe—principally to the Royal Society of Northern Antiquaries, at Copenhagen, and to Saxony—amounting in all to nearly one thousand specimens. They were sent in exchange for mineral specimens, and the return made by the Royal Society of Northern Antiquaries was very satisfactory. From Saxony, (Prof. Germar, of Halle,) promises, and nothing more. I do not think it would be necessary, in your report, to say anything more about this collection than what is contained in the enclosed paper, unless it might be to suggest to persons, who may happen to be in possession of one or more specimens of Indian antiquities, or may find them in future, that no better use could be made of them than to add them to this or some other extensive collection of the kind."

Of these thirty-three societies, but thirteen have given any report of their doings. This is also to be regretted, and this Executive Committee hope that before another volume of the "Transactions" is ready for publication, it will have reports in detail from the whole of them Each organization is doing good in its respective locality, and the State Society wish the public to be aware of their excellent local influence.
